Set Up...

2

- ▶ Create a free account at tireinventorysolutions.com
- ▶ Download the free app on your mobile device with the Android or Apple links or download from iTunes or Google Play

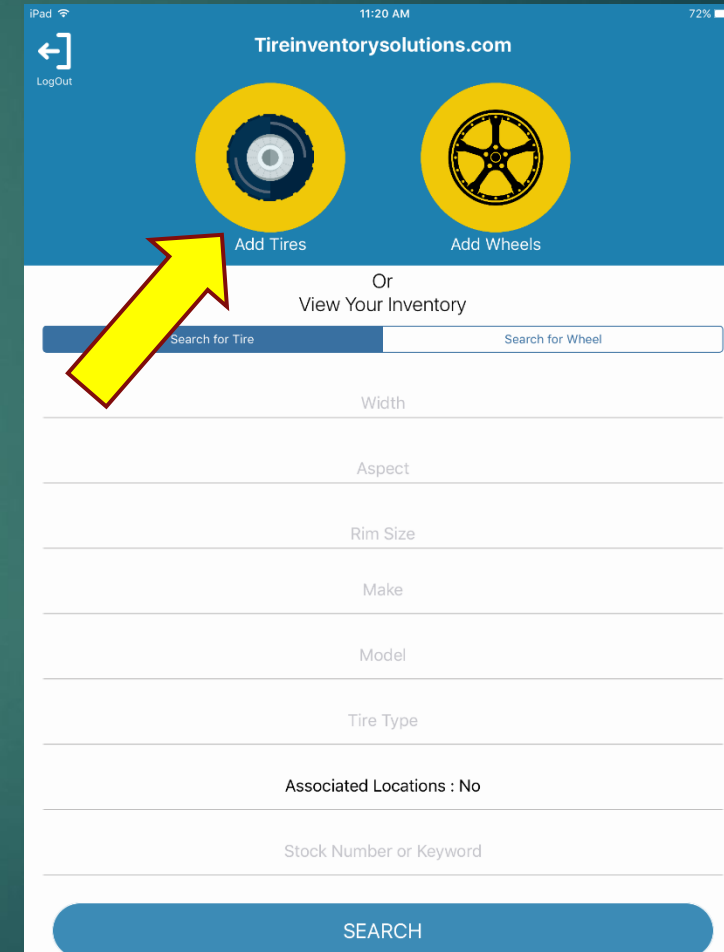

Log in to the app...

- ▶ Enter the location ID and password emailed to you. You will remain logged in until you choose to log out

The screenshot shows the login interface of the 'Tire Inventory Solutions' app. The background is a blurred image of many tires stacked on shelves. In the center, there is a dark blue oval logo containing three tires and the text 'TIRE INVENTORY SOLUTIONS'. Below the logo is the website address 'www.tireinventorysolution.com'. At the bottom, there are three input fields: 'Enter Location Code', 'Enter Password', and a blue 'LOGIN' button. The top of the screen shows 'iPad', '10:11 AM', and '99%' battery.

Adding Tires...

- ▶ This procedure is described in detail, but **takes less than 1 minute** to complete.
This method is the fastest way to collect tire information. For tires of the same size, brand and model, create a record one time then modify the records Quantity. No need to keep deleting and re-creating the same records.
- ▶ Click on the Tire icon

Add Tires...

- ▶ Add Tire Size EG: 245 75 16
- ▶ Add Quantity. Add unlimited numbers of the same size, brand and model at one time
- ▶ Enter Brand and Model (Autofill is provided)
- ▶ Click icon to add 1 or 2 photos
- ▶ Click Express Add to finish or Regular Add to enter more information about the set

The screenshot shows a mobile application interface for adding tires. At the top, there's a blue header bar with a back arrow, the title 'Add Tires', and status icons for 'No Service', '8:35 AM', and '84%' battery. Below the header, the form is divided into two main sections: 'Sizes' and 'Description'. The 'Sizes' section includes input fields for 'Width', 'Aspect', 'Rim Size', and 'Quantity'. The 'Description' section includes input fields for 'Brand' and 'Model'. At the bottom of the form, there are two large plus icons, each with the text 'Add Image' below it. At the very bottom, there are two blue buttons: 'XPRESS ADD' and 'REGULAR ADD'.

Add Tires Cont....

6

- ▶ All fields are optional or may be added at a later time
- ▶ Choose a tire type (All that apply)
- ▶ Add pricing. Entering cost will calculate pricing if values settings are entered in your profile.(Page 21)
- ▶ Add Public and Private notes
- ▶ Tire location at your store
- ▶ Take up to 4 pictures
- ▶ CONTINUE to finish

The screenshot shows the 'Vehicle Details' app interface on an iPad. At the top, the status bar shows 'iPad', signal strength, '2:42 PM', and '95%' battery. The app header is blue with 'Vehicle Details' on the left and 'CONTINUE' on the right. Below the header, there's a 'Select Options' section with a list of tire types: 'Used', 'New', 'Set of 4', 'All Season', 'Summer', 'Mudder', and 'Winter'. To the left of this list are input fields for 'Tire Type : Add', 'Pricing', 'Cost : Add', 'Wholesale Price : Add', and 'Retail Price : Add'. Below the 'Select Options' list are 'Cancel' and 'Ok' buttons. Underneath is an 'Add Notes' section with 'Public Notes' and 'Private Notes' input fields. At the bottom is a 'Location : Add' field and an 'Add Pictures' section with two placeholder images of tires.

Note Stock Number...

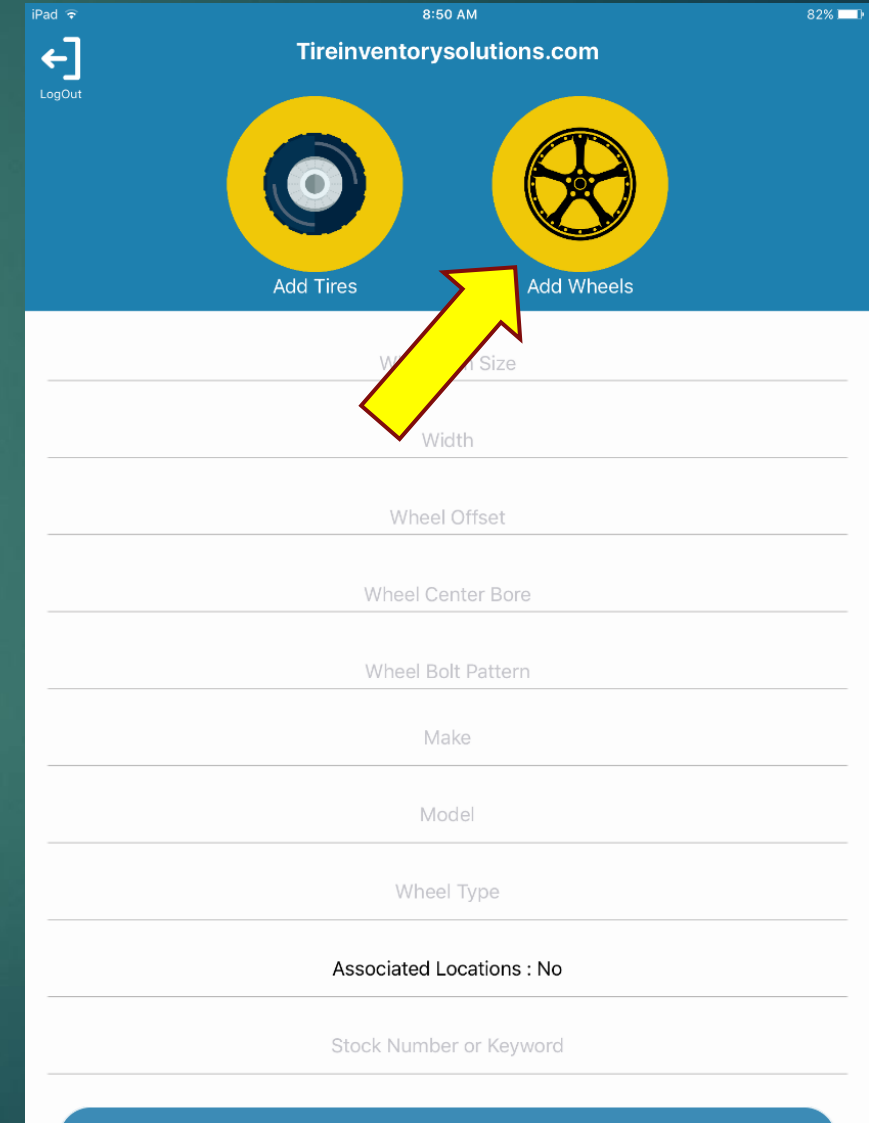

7

- ▶ The app issues a stock number for the group. Use a sticker or grease pencil to mark it on 1 or more items in the group

The screenshot shows a mobile application interface on an iPad. At the top, the status bar displays 'iPad', signal strength, '7:42 AM', and '85%' battery. The app's header is dark blue with 'Vehicle Details' on the left and 'CONTINUE' on the right. The main content area is light gray and contains several input fields with blue placeholder text: 'Brand : Add', 'Model : Add', 'Tire Type : Add', 'Tread Depth : Add', 'Speed/Load Rating : Add', 'Cost : Add', 'Wholesale Price : Add', 'Retail Price : Add', 'Location : Add', and 'Add Pictures'. A dark blue bar labeled 'Add Notes' is positioned above two text input fields for 'Public Notes' and 'Private Notes'. A white modal dialog box is centered over the 'Pricing' section, titled 'Instructions' in bold. The text inside the dialog reads: 'Record has been saved. Mark this stock number on your item "AAC00064"'. At the bottom of the dialog is a blue link that says 'I'm Done'.

Adding Wheels...

- ▶ This procedure is described in detail, but takes **less than 1 minute** to complete. For wheels of the same size, brand and model, create a record one time then modify the records Quantity. No need to keep deleting and re-creating the same records.

Note Stock Number...

11

- ▶ The app issues a stock number for the **group**. Mark it on 1 or more items in the group to locate it easily when needed with a sticker or grease pencil

The screenshot shows a mobile application interface on an iPad. At the top, the status bar displays 'iPad', signal strength, '7:42 AM', and '85%' battery. The app's header is dark blue with 'Vehicle Details' on the left and 'CONTINUE' on the right. The main form area has a light gray background and contains several input fields with blue placeholder text: 'Brand : Add', 'Model : Add', 'Tire Type : Add', 'Tread Depth : Add', 'Speed/Load Rating : Add', 'Cost : Add', 'Wholesale Price : Add', 'Retail Price : Add', 'Location : Add', and 'Add Pictures'. A dark blue bar labeled 'Add Notes' is positioned above two text input areas for 'Public Notes' and 'Private Notes'. A white modal dialog box is centered on the screen, titled 'Instructions' in bold. The text inside the dialog reads: 'Record has been saved. Mark this stock number on your item "AAC00064"'. At the bottom of the dialog is a blue link that says 'I'm Done'.

Search your Stock...

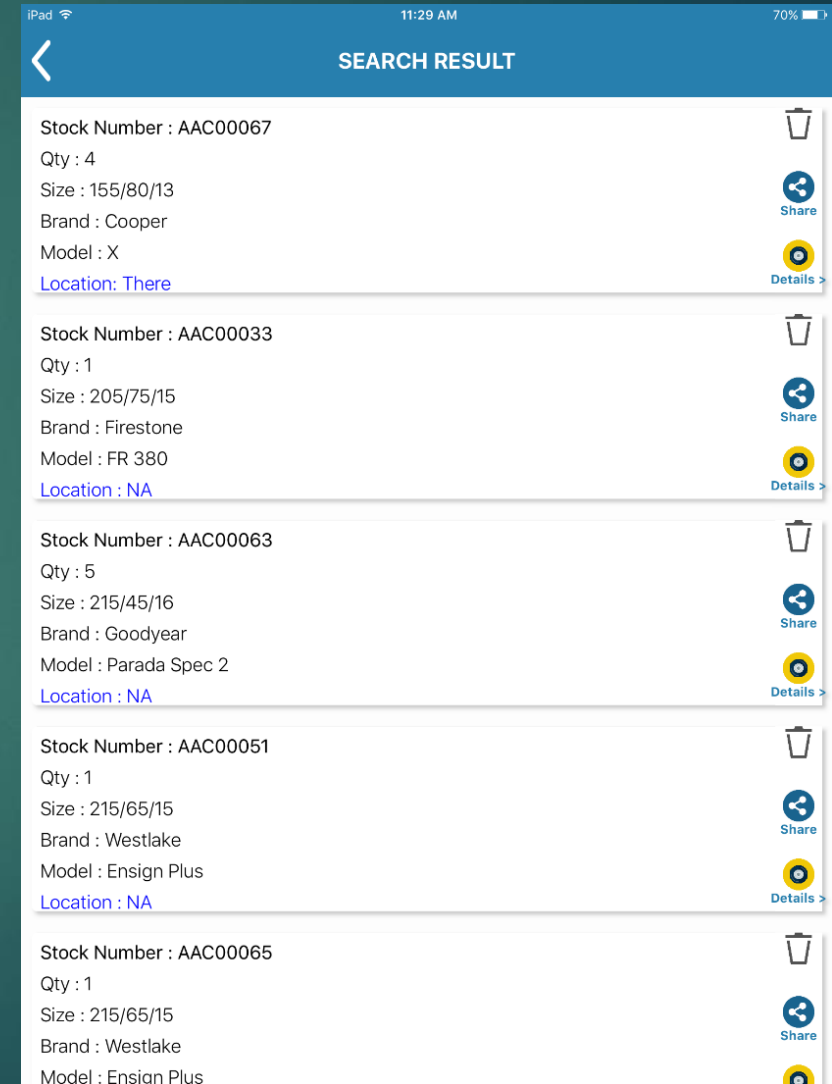

- ▶ Click on the blue tab to choose a tire or wheel search
- ▶ Search by size
- ▶ Search by Brand and Model
- ▶ Search by tire or wheel type
- ▶ Choose Yes to show records from associated locations (If linked on Page 20)
- ▶ Search by stock number or keyword

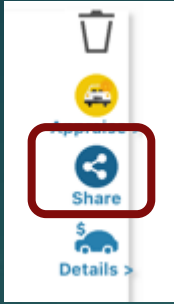

The screenshot displays the mobile application interface for Tireinventorysolutions.com. At the top, the status bar shows 'iPad', signal strength, '11:20 AM', and '72%' battery. The app's header is blue with a 'LogOut' button (represented by a back arrow icon) on the left and the website name 'Tireinventorysolutions.com' in the center. Below the header, there are two large yellow circular buttons: 'Add Tires' (with a tire icon) and 'Add Wheels' (with a wheel icon). Underneath these is a section titled 'Or View Your Inventory' with two tabs: 'Search for Tire' (selected) and 'Search for Wheel'. The main content area contains several input fields for filtering: 'Width', 'Aspect', 'Rim Size', 'Make', 'Model', 'Tire Type', 'Associated Locations : No', and 'Stock Number or Keyword'. At the bottom, there is a large blue button labeled 'SEARCH'.

Search Results...

13

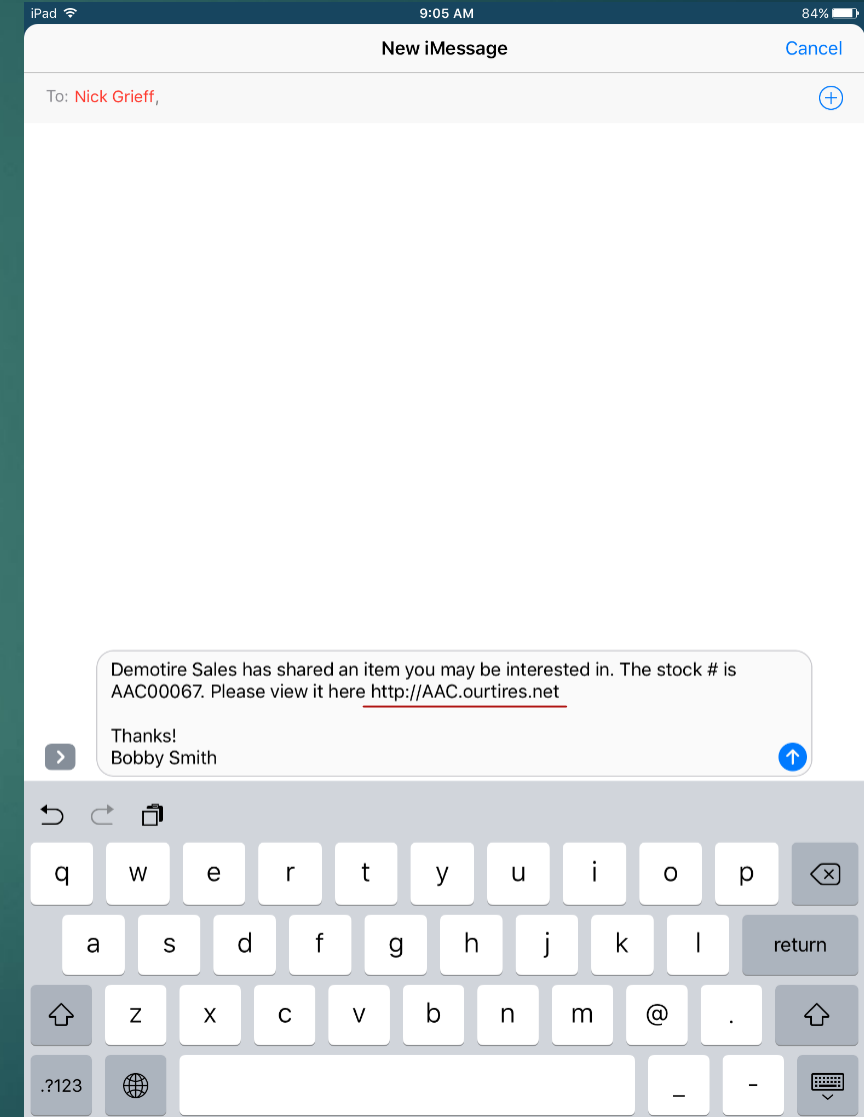

- ▶ Delete the record – Trash Icon
- ▶ Share the record – Share Icon (Page 14)
- ▶ View more details – Details Icon (Page 15 - 16)

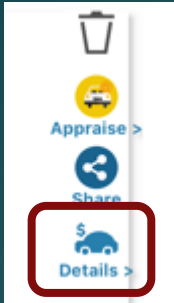

Share the Record

- ▶ Share item details with anyone in seconds using Text, Email, Facebook, WhatsApp etc.
- ▶ Click on the Share icon. A preformatted text or email message appears with a link to the record
- ▶ Enter a phone, email or choose contacts from your address book and send. The recipient gets a normal text with a link to the record shared. No app or login required

Add Pictures

The 'Add Pictures' section displays four photographs of tires. Each photo has a red circular delete button with a minus sign in the top right corner. The images show stacks of tires from different angles: a side view of a stack, a front view of a stack, a close-up of a tire tread, and a close-up of a tire with a silver rim.

- ▶ Click the Navigation Bar to view tires, Wheels or Parts/Labor items
 - ▶ Add inventory (Page 19)
 - ▶ Edit Profile (Page 20-21)
 - ▶ Print Inventory list by stock# or size
 - ▶ Invoice History (Page 22)
 - ▶ Sales Report (Page 23)
 - ▶ View and Edit (Page 24-26)
 - ▶ Quick Search of your stock.
- Include associated stores to view inventory from your other locations
- ▶ Select to Invoice Price Level – Choose retail / wholesale pricing
 - ▶ Continue to invoice (Page 27 - 30)

The screenshot displays the 'Tire Inventory Solutions Inventory' web application. At the top is a navigation bar with links: Tires, Wheels, Parts/Labor, Add Inventory, Edit Profile, Print Inventory, Invoice History, Sales Report, and Logout. The main heading is 'Tire Inventory Solutions Inventory - 756 tires in stock'. Below this is a view toggle bar with 'Picture View' and 'List View'. The main content area shows three columns of tire inventory items, each with a picture, a description, and pricing controls. To the right is a 'Quick Search' sidebar with filters for List Type, Tire Size, Used/New, Set of 4, Summer/Winter, Mudder/Studded, Brand, and Model. At the bottom right are buttons for 'SEARCH', 'CLEAR', and 'PRICE LEVEL'.

The screenshot displays the AAC Tires website interface. At the top, there is a navigation bar with links for "Tires", "Wheels", and "Log Out". The main content area is titled "Demo Inventory" and features a grid of six tire listings. Each listing includes a tire image, a product ID (AAC00228, AAC00026, AAC00363, AAC00338, AAC00098, AAC00369), tire specifications (size, brand, model), and quantity. Below each listing are two buttons: "Details" (blue) and "Order Here" (orange). To the right of the inventory grid is a "Quick Search" sidebar. This sidebar includes a "List Type" dropdown set to "Tire", a "Tire Size" section with input fields for width (175), aspect ratio (80), and diameter (14), and several filter checkboxes for "Used", "Set of 4", "Summer", "Winter", "New", "All Season", "Mudder", and "Studded". It also has "Brand" and "Model" dropdown menus, a "Notes Keyword / List ID" search field, an "Associated Stores" dropdown set to "Exclude", and "SEARCH" and "CLEAR" buttons at the bottom.

Order Page

- ▶ Customers fill in their name, phone and email. They select a Quantity to order and click Submit
- ▶ You get an email with the order.

The screenshot displays the AAC Tires website interface. At the top, there is a navigation bar with links for 'Tires', 'Wheels', and 'Log Out'. The main content area is titled 'Demo Inventory' and features a grid of six tire products. Each product listing includes a thumbnail image, a product ID (e.g., AAC00228, AAC00026, AAC00338, AAC00098, AAC00369), specifications (e.g., 175 80 14, BF Goodrich Mud Terrain, Goodyear Eagle RSA, Firestone Fr 780, BF Goodrich Radial TA, Yokohama 330), and quantity information. Below each listing are buttons for 'Details' and 'Order Here'. An orange login overlay is positioned on the right side of the page, containing a 'Login' button with a right arrow, a 'Password*' input field, a 'Keep me logged in' checkbox, and a 'Login' button. At the bottom right, there is a search section with dropdown menus for 'Brand' and 'Model' (both set to 'Any'), a text input for 'Notes Keyword / List ID', a dropdown for 'Associated Stores' (set to 'Exclude'), and 'SEARCH' and 'CLEAR' buttons.

Product ID	Specifications	Quantity
AAC00228	175 80 14, BF Goodrich Mud Terrain	1, N/A
AAC00026	175 80 14, Goodyear Eagle RSA	1, N/A
AAC00338	175 80 14, Firestone Fr 780	2, N/A
AAC00098	175 80 14, BF Goodrich Radial TA	1, there
AAC00369	175 80 14, Yokohama 330	4, N/A
